Good morning Ms. Calhoun,

Thank you very much for the response. We spoke with a DFAS representative and were told that they can only give information directly to the contractee (i.e. the Prime Contractor). Since we represent a subcontractor on the project, he said that he was not able to help us. The representative recommended that I contact you again for the payment documentation. What is needed from our office to obtain these documents? Is there someone else we should speak with? I appreciate any help you can provide. Please feel free to give me a call to discuss this if it's more convenient.

Thank you,

Mr. Walthall,

In regards to your 10 July 2019 request, we noticed that some of the items are a duplicate to a previous request (2018-01312-F), that was previously worked by my co-worker, Ms. Calthy Calhoun. So Items 1, 2, 5, and 6 were previously requested and provided to you.

However, in your new request, Items 3,4, 7 and 8 (all the updates) are too broad and I need you to be more specific and provide a name or section of who you are referring to when asking for this information. When you say "Any communication from the U.S. Air Force", we need to know an individual, not just an organization because that is too broad of a statement". That goes for Items, 3, 4 and 7. In Item 8, you stated "Any RFI's submitted to the U.S. Air Force, an any responsive communication", again that's too broad and you need to narrow down the scope so we can have a better idea of where to search for these records.

Please provide a response back to me NLT Wednesday, 7 August at noon (CST). As of right now your request has been placed **ON HOLD** until I get more clarification.

Very Respectfully,

Ms. Richard,

So after getting off the phone with you and asking around my office since I wasn't working in this office when this case was originally sent over, your office should have received the contact information to DFAS to request the information of your request that the Air Force couldn't answer.

I am sending over the contact information to forward to DFAS so you can get the information below:

5. Barlovento's applications for payment. including all attachments and certifications, to the U.S. Air Force for the Project
6. The vouchers, estimates, checks, or other evidence of the U.S. Air Force's payments to Barlovento in response to Barlovento's payment applications referred to in number 5, above.

This should have been sent to you previously from your original request, but if not, this is where you need to send your request to for them two items mentioned above. Sorry we keep sending to you other agencies to assist you but just want to make sure you get the information you are requesting.

DFAS records are decentralized so if you know which location maintains the records, send your request to the location directly. If you don't know where the record is maintained, send your request to the FOIA/PA Program Manager's Office. Where to send a FOIA/PA request:

Mr. Walthall and Ms. Richard,

Based on the information you have requested, we placed your request in the **Complex** processing track. A complex request can take substantial time and cause significant impact on responding units. Complications and delays are likely. Records sought are massive in volume. Multiple organizations must review/coordinate on requested records. Records are classified; originated with a nongovernment source; are part of the Air Force's decision-making process; or are privileged.

We estimate we will provide a response to your request within 30 working days. Our policy is to process requests within their respective tracks in the order in which we receive them. FOIA requests are processed as quickly as possible. We will advise you if we cannot provide a response within the FOIA statutory timeline.

I just wanted to provide you an update that due to the voluminous records, we are still working your request and going to need additional time to gather all the information. Once we have your finalized documents, we will get your package over to you.

If you have any questions regarding your request, please feel free to contact me.

Ms. Young,

I saw your name in an email that I sent over to your office and I was wondering if you could assist me or if I needed to wait until next week for a response. I had questions about a FOIA that was submitted by your office. The FOIA has been placed on hold until I get some clarification.

Very Respectfully,

**Subject:** FOIA Request # 2019-04315-F

Mr. Walthall,

In regards to your 10 July 2019 request, we noticed that some of the items are a duplicate to a previous request (2018-01312-F), that was previously worked by my co-worker, Ms. Calthy Calhoun. So Items 1, 2, 5, and 6 were previously requested and provided to you.

However, in your new request, Items 3,4, 7 and 8 (all the updates) are too broad and I need you to be more specific and provide a name or section of who you are referring to when asking for this information. When you say "Any communication from the U.S. Air Force", we need to know an individual, not just an organization because that is too broad of a statement". That goes for Items, 3, 4 and 7. In Item 8, you stated "Any RFI's submitted to the U.S. Air Force, an any responsive communication", again that's too broad and you need to narrow down the scope so we can have a better idea of where to search for these records.

Please provide a response back to me NLT Wednesday, 7 August at noon (CST). As of right now your request has been placed **ON HOLD** until I get more clarification.

Very Respectfully,

Tabatha D. Matthew, GS-09, DAF
